Chicago, IL | Madison, WI | claytonglazier04@gmail.com | [Clayton Glazier LinkedIn Profile](#) | (312) 934-4725

EDUCATION

University of Wisconsin-Madison | Madison, WI

Expected Graduation May 2027

BA: Information Science

Certificates: Public Policy and Sports Communications

GPA: 3.48 | Pre-Law | Dean's List Fall 2024

WORK EXPERIENCE

Chicago Education Advocacy Cooperative | Chicago, IL

June 2026 – August 2026

Legal Research and Community Information Fellow

- Accountable for creating the first edition of the Chicago Justice Guide, a plain language educational resource designed to help Chicago residents' common legal issues before seeking legal assistance
- Researched publicly available information from government agencies, courts, NFP's, and organized information to deliver an educational guide that empowers Chicago residents to seek legal assistance
- Designed and developed an educational website which includes an everyday legal issue library, a court and government resource guide, and a plain-language legal glossary

Family First Life | Madison, WI

January 2026 – May 2026

Life Insurance Producer

- Consulted with clients to assess financial needs and recommended tailored life insurance policies

Hergott Properties | Chicago, IL

May 2025 - August 2025

Real Estate Investment and Development Intern

- Conducted structured research and compiled due-diligence data to support investment evaluations, prepared summaries of site inspections, and assisted in organizing materials for decision-making and record-keeping (Microsoft Office)

Legends Sports Entertainment Agency | Madison, WI

November 2024 – February 2025

Fundraiser Call Agent

- Conducted structured outreach, gathered information, and maintained accurate records of donor interactions
- Used persuasive communication strategies to address objections and build rapport in high-volume outreach settings

RELEVANT COURSEWORK

Generative AI: Strategic Application, Evaluation, and Critique

Fall 2026

- Exploration of generative AI emphasizing privacy, data stewardship, UX, societal, legal, policy, and ethical issues and the ability to evaluate, plan for, and securely work with these digital technologies

Educational Policy Study

Fall 2026

- Explore the politics of education in relation to broader social, spatial, historical, and political economic contexts
- Utilizing analytic and conceptual tools to understand and analyze power and politics and how they influence policy

Analytic Tools for Public Policy

Fall 2026

- Apply quantitative and qualitative analysis methods to evaluate complex public policy decisions
- Develop analytical and problem-solving skills for public policy research and decision-making

Contemporary Public Policy Issues

Summer 2026

- Analyzing contemporary U.S. public policy issues and government spending outcomes
- Studying federal and state policymaking processes through real-world policy case studies

Research and Writing Projects

Human Factors in Information Security Course - CrowdStrike/Delta Incident Report

Spring 2026

- Built detailed timelines of CrowdStrike's malformed update and Deltas multi-day operational fallout using verified reporting
- Applied blameless human-factors analysis to explain CrowdStrike's rollback and Delta's global flight pause
- Identified system-level fixes including stronger validation, staged rollouts, and resilient manual fallback modes

Sports Communication Course – SWOT Analysis on The Chicago Bears

Spring 2026

- Conducted a full organizational SWOT analysis of the Chicago Bears, evaluating brand strength, stadium limitations, fan sentiment, political barriers, and market opportunities using verified reporting and team communications
- Assessed franchise image and communication strategy, identifying gaps between the Bears' traditional, community-first identity and fan frustration over stadium uncertainty and pricing

Sports Analytics Club | Project with University Football Team

Fall 2025

- Performed large-scale data collection, cleaning, and analysis to identify patterns and produce research-ready insights

SKILLS

Research & Communication: Research Synthesis, Report Writing, Information Organization, Client Communication

Technical: Claude/ChatGPT, Adobe/Microsoft Software, SQL, MySQL, MongoDB, RStudio, Python, HTML, CSS
