EDUCATION

University of Wisconsin-Madison

BA, Information Science. Dean's List Fall 2024; Pre-Law. GPA: 3.48.

Madison, WI

Expected May 2027

EXPERIENCE

Legal Research and Community Information Fellow

June 2026 – August 2026

Chicago Education Advocacy Cooperative

Chicago, IL

- Researched publicly available data from government agencies, courts, and nonprofits to develop plain-language educational content helping Chicago residents navigate common legal issues before seeking assistance
- Designed and developed an educational website featuring an everyday legal issue library, a court and government resource guide, and a plain-language legal glossary

Life Insurance Producer

January 2026 – May 2026

Family First Life

Madison, WI

- Consulted with clients to assess financial needs and recommended tailored life insurance policies

Real Estate Investment and Development Intern

May 2025 – August 2025

Hergott Properties

Chicago, IL

- Conducted structured due-diligence research and compiled data to support investment evaluations, prepared site inspection summaries, and organized materials for decision-making and record-keeping using Microsoft Office

Fundraiser Call Agent

November 2024 – February 2025

Legends Sports Entertainment Agency

Madison, WI

- Conducted structured donor outreach and maintained accurate interaction records in high-volume settings
- Applied persuasive communication strategies to address objections and build rapport with prospective donors

PROJECTS

Chicago Justice Guide

Summer 2026

Chicago Education Advocacy Cooperative

- Created the first edition of the Chicago Justice Guide, a plain-language legal resource drawing on publicly available data from government agencies, courts, and nonprofits to help residents navigate common legal issues before seeking assistance
- Designed and developed the companion educational website, featuring an everyday legal issue library, a court and government resource guide, and a plain-language legal glossary

CrowdStrike/Delta Incident Report

Spring 2026

Human Factors in Information Security Course

- Built detailed timelines of CrowdStrike's malformed update and Delta's multi-day operational fallout using verified reporting
- Applied blameless human-factors analysis to explain the rollback and global flight pause; identified system-level fixes including stronger validation, staged rollouts, and resilient manual fallback modes

SWOT Analysis: Chicago Bears

Spring 2026

Sports Communication Course

- Conducted a full organizational SWOT analysis evaluating brand strength, stadium limitations, fan sentiment, political barriers, and market opportunities using verified reporting and team communications

RELEVANT COURSEWORK

- Analytic Tools for Public Policy
- Contemporary Public Policy Issues
- Educational Policy Study
- Generative AI: Strategic Application, Evaluation, and Critique

SKILLS

Research and Communication: Research Synthesis, Report Writing, Information Organization, Client Communication

Technical: SQL, MySQL, MongoDB, Python, RStudio, HTML, CSS, Adobe/Microsoft Office Suite, Claude/ChatGPT
